A divorced lady arrives home from a bar,
Guess, guess what she see, sees there.
There's a naked person in my flat!
He's got a weird expression on his face!
Oh my god and jesus as well,
What are you doing here?
Are you hurting your chest,
Offending yourself,
Forcing yourself into pain like there is no tommorow?
You should use the pain and sorrow
To fill you up with power,
Life's both sweet and sour.

He looks at me hopeless with tears in his eyes,
Goes out of the window and up on the roof.

Naked man, naked man, come down.
I.. I'll.. I'll give you some strawberry cake!
Don't act like there's no tomorrow,
You should use the pain and sorrow
To fill you up with power,
life's bothsweet and sour.

tak'i takt & trega. ja!
