If you ever get close to a human and human behavior
Be ready, be ready to get confused and me and my
here after
There's definitely, definitely, definitely no logic to
human behavior
But yet so, yet so irresistible and me and my fear can
And there is no map uncertain

They're terribly, terribly, terribly moody of human
behavior
Then all of a sudden, turn happy and they and my here
after
But oh, to get involved in the exchange of human
emotions
Is ever so, ever so satisfying and they and my here on
And there is no map and chair too

Human behavior, human behavior
Human behavior, human behavior

And there is no map
And a compass wouldn't help at all
Yeah, uncertain

Human behavior, human behavior
Human behavior, human behavior
Human behavior, human behavior
Human behavior

There's definitely, definitely, definitely no logic
To human, to human, to human, to human
