I adore
Back of necks
Beautifully shaven
Gives me,
Always, always, always, always, always, always,
A pretty rush down my spine

All those boys
With fascinating fingers
Working creating
Touching their tools
Gives me,
Always, always, always, always, always, always,
A pretty rush down my spine
Huh

Tell me stories
Play me the tunes
That crack you up
Gives me,
Always, always, always, always, always, always,
always,
A pretty rush down my spine
Hah
