I adore  
Back of necks  
Beautifully shaven  
Gives me,  
Always, always, always, always, always, always,  
A pretty rush down my spine

all those boys  
With fascinating fingers  
Working creating  
Touching their tools  
Gives me,  
Always, always, always, always, always, always,  
A pretty rush down my spine  
Huh

Tell me stories  
Play me the tunes  
That crack you up  
gives me,  
Always, always, always, always, always, always,  
always,  
A pretty rush down my spine  
Hah!
