Look no further
Look no further
Cruellest almost always to ourselves
It musn't get any better
Ahhhh ahh ahh
It's in our hands
It always was
It's in our hands
In our hands
Is always in our hands
It's always
In our hands
Well, now aren't we scaring ourselves
Unnecessarily
Aren't we trying too hard
'Cause it's in our hands
It's in our hands

It's all here
It's in our hands
Look no further
Look no further
It's in our hands
It always was
It's in our hands
It's in our hands
It's in our hands
It's in our hands
(Screaming)
