black night is falling  
The sun is gone to bed  
The innocent are dreaming  
As you should sleepy head  
Sleepy head, sleepy head

Does it hurt?

I hurt you much more  
So don't you worry

I don't know what to do  
Everything just feels so wrong

Everything is right  
Just stay strong

See selma, you're the one to blame

You just did what you had to do  
You just did what you had to do  
You just did what you had to do  
You just did what you had to do

Time, it takes a tear to fall  
A snake to shed its skin  
That's all the time is needed  
To forgive

You are forgiven  
Come on, hurry

I killed your bill

You have to hurry up  
I called the police  
They're just down the road

They've come for me  
Why should i run?

They'll take your money

Run for your boy

See selma, you're the one to blame

You just did what you had to do  
You just did what you had to do  
You just did what you had to do  
You just did what you had to do

Time, it takes a tear to fall  
A heart to miss a beat  
A snake to shed its skin  
A rose to grow a thorn  
Its all the time that's needed  
To forgive me  
I am so sorry  
I just did what i had to do  
I just did what i had to do  
I just did what i had to do  
I just did what i had to do
