The nerves are sending shimmering signals  
All through my fingers  
The veins support  
Blood that gushes impulsively towards  
Is the triumph of a heart that gives all  
That gives all  
The triumph of a heart that gives all  
That gives all  
The stubborn trunks of these legs of mine  
Serve as pathways for my favourite fuel

Heading upwards towards my kidneys  
(That celebrate)  
The triumph of a heart that gives all

Smooth soft red velvety lungs  
Are pushing a network of oxygen joyfully  
Through a nose, through a mouth  
But all enjoys, which brings us to  
The triumph of a heart that gives all  
That gives all
