Sometimes you love me, woo
Like a good woman ought-a
Sometime you hurt me so bad
My tears run like water

Sometimes you get me out, yeah!
Right before your friends, now
Then you disown me, baby
'Till we're alone again, yeah

Your love is like a see saw
Your love is like a see saw, yeah
Your love is like a see saw, baby
Up, down, all around, like a see saw

Sometimes ya tell me
(Tell me baby)
Oh, I'm your sweet candyman
(I'm your sweet candyman)
Then sometime baby (yeah)
I just never know where I stand
(Don't know where I stand)

You lift me up, yeah
(Chile, you lift me up)
When I'm on the ground
(When I'm on the ground)
Soon as I get up, child
(Help me, help me)
You send me tumblin' down
(Yeah, yeah)
Whoa, yeah

Your love is like a see saw
Your love is like a see saw, yeah
Your love is like a see saw, baby
Up, down, all around, like a see saw, yeah

When I'm kissin' you and I like it
And ask you to kiss me again
I reach at you, you jump out of sight
You change just like the wind, girl

That ain't right
(That ain't right, that ain't right, now)
Umm-mm-mm

Your love is like a see saw, yeah
Your love is like a see saw
Your sweet love is like a see saw, baby
Up, down
Up, down
Up, down, all around
Like a see saw

Never know where you at, baby
(Baby, see saw)

Sometimes you love me
Sometimes you hurt me
(See saw)

Baby, I don't need no part time love
(See saw)

I want someone to love me all the time
(See saw, love) Right now

Sometime, love me, leave me
(See saw love)

Love me, leave me
Up down, all around

FADES-

I never know when you with me, baby
Never know when you'll kiss me
But I need a love
I need a love like yours
Ya never know, baby.
