I was such a happy boy, lead a live so full of joy
Lead a live that I had planned, superman
I am such a lonely guy
I stare at bleak and lonely skies
Take the good that I can find, from my mind
Don't take this to heart now
Listen to me, I was always lonely
So they tell me, even though I'm happy to be near you
I am still so lonely

I was such a handsome kid
I couldn't help the things I did
I couldn't push the girls aside and hide
Now I'm old and grey and blue
Heaven knows, what can I do?
Drunk and tired all the time, in my mind
Don't take this to heart now
Listen to me; I could still be happy if you help me
Even though I'm lonely, when I'm near you
You can still be happy

Laying on this bed of stone, feeling like I'm going
home
Flying back to what I planned, superman
