Here's the gun that killed it all
All the rest can take a walk
Inside it's all set, testify
It said, "Talk to her, it's suicide"

I didn't like her, such a jerk
I was just a smartass clerk
God strictly said, "What's the groove"
Don't know how she made me move
Don't let me decline and fall
That's not what I want at all
Because I've seen you around and I know what you do
Hate to decline and fall for you

Pushed around and??? put 'em back???
I had passed,??? big job to do???
Still I know she's not my style
Checked off, thinking all the while
Don't let me decline and fall
That's not what I want at all
Because I've seen you around and I know what you do
Hate to decline and fall for you

Don't let me decline and fall
That's not what I want at all
'Cause I've seen you around and I know what you do
Hate to decline and fall for you
Live the low life I get paid
Left past in fairy land
Feeling cool, they only lie
They ought to go on and die, go on and die, go on and die
