In the beginning (You needed me so)  
Unhappy endings (They come and they go)  
Wait 'til tomorrow (That's all I can say)  
Beg steal or borrow (Don't throw it away)  
When I first met you (My time was my own)  
I won't forget you (For leading me home)  
But when I look into your face, I see you staring into  
space  
Eyes on fire  
Don't you know that you're burning?  
Eyes on fire  
Taking never returning  
Eyes on fire  
Everything that you've been learning  
Eyes on fire  
Don't you know when the thrill is gone you're all alone  
and on your own?

Keep on playing the games but you'll forget how it  
seems to be so happy just to be near the flames  
Eyes on fire  
Eyes on fire  
Eyes on fire  
Eyes on fire  
In the beginning (You played on my side)  
Unhappy endings (Were easy to hide)  
Wait 'til tomorrow (You knew where to stop)  
Beg steal or borrow (All those pills that you pop)  
When I first met you (I'd kill for your smile)  
I won't forget you (Your blood on the tile)  
I didn't know you couldn't stand your body burning up  
again  
Eyes on fire  
Don't you know that you're burning?  
Eyes on fire  
Taking never returning  
Eyes on fire  
All those things you've been learning  
Eyes on fire  
Don't leave me all alone  
Eyes on fire  
Don't you know the thrill is gone?

Eyes on fire  
Can't you feel it burning?  
Eyes on fire  
Don't throw it all away  
Eyes on fire  
Oh you said you'd never leave me  
Eyes on fire
