You got me fighting for my life
You got me fighting for my hometown
You got me fighting for these people
You got me praying for a showdown
Ask the people what they want

You got me praying for some treason

But you got me fighting for my life and I know you'll

No, you got me fighting for my life and I know you'll
never, never rule me
You got me, no, you got me fighting for my life and I
knowÂ...
