I was with a friend at the deli store, picking up some
junk food and heading across the floor, out the door
Standing at the street by my dirty car, a vision from a
dream that was tucked up far away, 'till today
I whispered to my friend, "Better go on home. Don't ask
any questions, I need to be alone. Just walk on home"
I walked up to my dream girl and left my friend
My hair was just a mess but you had such perfect skin
I didn't need to ask where you had to go, I drove right
outta town, heading for the open road
'Cause she's a girl with a point of view, the woman I
always knew, to tell me what I should do
She's the mystery of angels, you, a source of
resemblance, sooth, the girl with the point of view

She began to talk but she didn't speak
My hands began to shake and my knees got weak, oh
my, I could??? try
I had to close my eyes so that I could see the pictures
of the things that she thought to me that day, the kiss
of fate
Well I don't have a merry,??? a please old time???, I
didn't have a clue but I was feeling, feeling fine
It was like a??? class, with my girl room days???, it
wasn't even boring, 'cause it was all so nice
Because, she's a girl with a point of view, the woman I
always knew, would tell me what I should do
She's the mystery of angels, you, a source of
resemblance, sooth, the girl with the point of view

I can still??? find??? a girl in this world, but I can tell
you now, "I will never find that girl"
She??? does such beautiful things?? when I touched
her lips
I'd give everything if you happen to have that kiss, no
Because, she's a girl with a point of view, the woman I
always knew, would tell me what I should do
She's the mystery of angels, you, a source of
resemblance, sooth, the girl with the point of view
The girl with the point of view, the girl with the point of
view
The girl with the point of view, the point of view

The girl with the point of view
