Feel the moon pull you under  
Feel the moon, it's grace to give  
Feel the moon before you wonder  
Feel the water and the wind

Light, light, wings in flight  
Sun, sun, over and done  
Light, light, wings in flight  
Fun, fun, see how they run  
Light, light, wings in flight (Feel the moon pull you under)  
Sun, sun, over and done (Feel the moon, it's grace to give)  
Light, light, wings in flight (Feel the moon before you wonder)  
Fun, fun, see how they run (Feel the water and the wind)  
If you should come upon water without rings  
??? Rude??? not to stumble and fall  
If you should come upon waterless rings  
That's the last dance of them all  
If you should find it beside the front gate, than you should check it to see  
Should you just??? slip??? upon by the front gate with the romans under our feet (Light)

Feel the moon will pull you under (Light, light, wings in flight)  
Feel the moon, it's grace to give  
Feel the moon before you wonder (Sun, sun, over and done)  
Feel the water and the wind (Light, light, wings in flight)  
Feel the moon pull you under (Fun, fun, see how they run)  
Feel the moon, it's grace to give  
There's an old man there who lives in the growth, a woman who lives in a shoe (Fun, fun, see how they run)  
There's no difference for me there and you  
There's an old man who believes in the law, a woman with nothing to hide  
??? The light floats their breath??? of the waters without shame, it's a high night for the tide

Light, light, wings in flight  
Sun, sun, over and done  
Light, light, wings in flight  
Fun, fun, see how they run  
Light, light, wings in flight (Feel the moon pull you  
under)  
Sun, sun, over and done (Feel the moon, it's grace to  
give)  
Light, light, wings in flight (Feel the moon before you  
wonder)  
Fun, fun, see how they run (Feel the water and the  
wind)  
Light, light (Feel the moon), sun, sun, light, light, fun,  
fun

Light, light, sun, sun, light, light, fun, fun, see how they  
run

Feel the moon will pull you under  
Feel the moon, it's grace to give  
Feel the moon before you wonder  
Feel the water and the wind

Picture yourself in a gentleman's coat  
??? The waves over washing your bride??? (Picture the  
fears, that's your dreams filled with hope)  
It's a high night for the tide

It's a high night for the tide (Feel the moon pulls you  
under) Light, light, wings in flight  
Feel the moon, it's grace to give (Sun, sun, over and  
done)  
Feel the moon before you wonder (Light, light, wings in  
flight)  
Feel the water and the wind (Fun, fun, see how they  
run)  
It's a high night for the tide
