It's so cold on this barren???
I see my???, each time I scream
All the time that it takes isn't clear
I simply wish that you were here
I miss being alone with you, being alone with you
(Being alone with you), being alone with you
Being alone with you (Being alone with you)
I can hear the river, I can see the water
I don't feel so lonely, when I'm near the river
On a night like tonight, when dark, I sit alone, I look lost

Only days separate me from you
It seem like walls that I must break through
I miss being alone with you, being alone with you
(Being alone with you), being alone with you
Being alone with you (Being alone with you)
I can hear the river, I can see the water
I don't feel so lonely, when I'm near the river
I can see the bridges (I can see the bridges)
I can feel the morning (I can feel the morning)
I can almost touch you, when I'm near the river
I can see the river (I can hear the river)
I can see the water (I can see the water)
I don't feel so lonely, when I'm near the river
(See the bridges) I can see the bridges
(Yeah I can see them) I can feel the morning
(That's when my joy comes) I can almost touch you
(That sun did) I feel the river (I feel the river)
I can hear the river (I can hear the river)
I can see the water (I can almost see the water) I don't
feel so lonely, when I'm near the river (Got to see the
rhythm)
I can see the bridges (Got to see) (When I'm near the
river)
I can feel the morning (I can feel the morning, that's
when my morning comes)
(Save, save me) (When I'm near the river)
(I can really hear the river) I can hear the river (I can
hear the river)
I can see the water (I can see the water, yes I can)
(I don't feel so lonely (I'm in this water), when I'm near
the river)

I can see the bridges (Every day I can see it)
I can feel the morning (I can feel the morning, yes I
can)
I'm not lonely anymore, no I'm not, I'm in love, I'm in
love)
