Why was it so hard?
Were we really just too young?
Or was it me?
Now you open the wound, to chase your fear and
dream of what you felt was real
When can I escape this sorrow, only in my sleep?
When I wake the feeling holds me, only in my sleep

When can I escape this sorrow, only in my sleep?
When I wake the feeling holds me, only in my sleep
If I ever need you, I don't really call
If you ever call me, we're gonna have a fall, we could-a
had it all
Time and time again you killed my confidence in me, I
feel alone
Nobody wins this way, I keep my feeling to myself,
you're all I know
When can I escape this sorrow, only in my sleep?
When I wake the feeling holds me, only in my sleep

When I wake the feeling holds me, only in my sleep
When can I escape this sorrow, only in my sleep?
