I saw a girl, she reminded me of you
She did the things that a girl like you might do
Her body was green and she had two vicious jaws
She polished her mate as she kissed him with her claws
Yeah, but I'll survive, it was on tv
She had six strong legs and it frightened me
She had insect eyes but I could still see that the look
she gave him you give to me
I feel like a praying mantis (I feel like a praying mantis)
I sense your antics but I can't help it (I sense your antics
but I can't help it)
I've been too frantic too long (I've been too frantic too
long)

She bit off his head so he would not feel the pain
She wanted his body so much she ate his brain
I'll survive, no you won't catch me
I'll resist the urge that is tempting me
I'll avert my eyes, keep you off my knee
But you look so good when you talk to me
I feel like a praying mantis (I feel like a praying mantis)
I sense your antics but I can't help it (I sense your antics
but I can't help it)
I've been too frantic too long (I've been too frantic too
long)
I feel like a praying mantis (I feel like a praying mantis)
I sense your antics but I can't help it (I sense your antics
but I can't help it)
I've been too frantic too long (I've been too frantic so
long)

But I'll survive, it was on TV
She had six strong legs and it frightened me
She had insect eyes but you still could see that the look
that she gave him you give to me
I feel like a praying mantis (I feel like a praying mantis)
I sense your antics but I can't help it (I sense your antics
but I can't help it)
I've been too frantic too long (I've been too frantic too
long)
I feel like a praying mantis (I feel like a praying mantis)
I sense your antics but I can't help it (I sense your antics

but I can't help it)
I've been too frantic too long (I've been too frantic too
long)
I feel like a praying mantis (I feel like a praying mantis)
I sense your antics but I can't help it (I feel like a
praying mantis)
I've been too frantic too long (I feel like a prey)
I feel like a praying mantis (I feel like a praying mantis)
I sense your antics but I can't help it (I sense your antics
but I, I)
I've been too frantic too long (I feel like a prey)
(I feel like a prey), (I feel like a prey), (I feel like a
praying mantis)
Thank you
