Come on won't you talk to me?
I'm trying to help you
Come on won't you talk to me?
I ain't gonna scalp you
It was just a little hard to believe that he was the kind of
guy you could love more than me
It's the least that you can do
Talk to me, talk to me
So won't you talk to me?
The time is the reason
Won't you talk to me?
You'll miss the new season
Every night I sit and stare
It's a bitter scene when I see your face on every
magazine
It's the least that you can do
Talk to me, talk to me

I saw a child, you saw a man, I understand
You had the face, the human race was in your hands
Won't you talk to me?
I'm ready to listen
Won't you talk to me?
I've made my decision
Now I know you always thought I should understand
why you had your eyes on all those other men
It's the least that you can do
Talk to me (Talk to me), talk to me (Talk to me)
Won't you talk to me? (Talk to me)
Oh now baby, won't you talk to me? (Talk to me)
Talk to me (Talk to me)
Oh baby, won't you talk to me? (Talk to me)
Talk to me (Talk to me)
Talk to me, talk to me (Talk to me)
Oh I love her
Won't you talk to me? (Talk to me)
Talk to me, talk to me, talk to me (Talk to me)
Oh baby, won't you talk to me? (Talk to me)
Talk to me, come on and talk to me (Talk to me)
(Talk to me)
