Wake up, are you sleepy tonight?  
Wake up, come and join me in the spotlight  
Blue sequined eyes, college town lies  
An undergrad dream come true  
Wake up, are you lonely tonight?  
Wake up, come and dance away your stage fright  
Swinging and sway, pearls on display  
Heaven was good to you  
Wake up, will you pay for tonight?  
Wake up, got to exit laughing stage right  
Passions to burn, dances to learn and credit to see you  
through  
I've just seen a face to haunt me to the end  
And I want you to know I want to hold your hand  
I'm a loser 'til you say you love me to  
And I want to tell you there's a wake up call for you  
Wake up, are you hungry tonight?  
Wake up, have you sacrificed your last bite?  
Tight fitting jeans, studs on the seams  
A delicate ingÅ©nue  
Wake up, will you love me tonight?  
Wake up, I was hoping that you just might follow me  
home  
Catch me alone, an innocent rendezvous  
Wake up, wake up, wake up, wake up, wake up, wake  
up  
Wake up, wake up, wake up, wake up, wake up, wake  
up
