(Your sister told me where you've been)  
She really opened up my eyes  
(Sneaking out the window to be with him)  
She put me strait to all your lies  
You say that you love me but I know it's just a game  
The things you say and the things you do are driving  
me insane  
And you know that I love you but you like to see me cry  
My mind's made up, I'm leaving you  
This girl is just a lie

(Your sister told me where you've been)  
She really opened up my eyes  
(Sneaking out the window to be with him)  
She put me strait to all your lies  
(Your sister told me where you've been)

You say that you want me but I'm really not your style  
The teenage aristocracy could drive a grown man wild  
And you know that I want you so you make me play the  
fool  
My mind's made up, I'm leaving you  
You think that you're so cool  
Oh I (Scheme and plot??? most stays behind) doubt  
you???  
Gonna pay you back for stringing me along  
Oh I (Know you really??? yell and hear me???) hear me  
Yes I could get my dues for each and every wrong

(Your sister told me where you've been)  
She really opened up my eyes  
(Sneaking out the window to be with him)  
She put me strait to all your lies  
(Your sister told me where you've been)  
Yeah your sister, your sister told me  
(Sneaking out the window to be with him)  
She told me where you go at night  
(Your sister told me where you've been)  
Oh, don't wanna hear it  
I can't stand it no more  
(Sneaking out the window to be with him)  
Oh, she made me cry, 'cause our love is a lie
