I saw you standing on the landing, dressed in white
I recognized there in your eyes a spark of light
It was a quiet night
The timing was just right
'Cause you're a big girl now
No more flashing your fake I'd
You're a big girl now
You've gotten too big for me

I nonchalantly, ungallantly asked you out
You know you teased me with your, pleased me with
your girlish pout
You made my blue jeans shout (Made my blue jeans
shout)
All the hems fell out
'Cause you're a big girl now
No more flashing your fake I'd
You're a big girl now
You've gotten too big for me
Love them and leave them, the name of the game
The faces are different, they all look the same
The two dollar window
Mah-jongg or roulette
You gamble with children, you're losing the bet

You're a big girl now
No more flashing your fake I'd
You're a big girl now
You've gotten too big for me
You're a big girl now
Now you can do the things they do on TV
You're a big girl now
You've gotten too big for me
You're a big girl now
You're a big girl now
You're a big girl now
