Searching for answers

I found one

Looking for roses

But the season is gone

I see the eyes of a stranger

I don't know you anymore

I know my heart is in danger

Lost in you just like before

Searching for reasons

One more time

As we turn back the pages

Who said love isn't blind?

As I reached out for heaven

You were all I could see

You told me "Try to imagine...

Forever...just you and me"

1ST CHORUS:

It was the word that you said

That took you into my heart

It was the word you said

Forever....

Lost in the sea...of my memories

Whispered emotions, passions unbared

In the heat of the moment

So many things that we said

You found the end of my sadness

You buried all of my pain

Now love's turned into madness

Echoes are all that remain

2ND CHORUS:

It was the word that you said

That took you into my heart

It was the tears that we shed

Forever....Lost in the sea

1ST CHORUS:

Just memories...forever lost just like me

2ND CHORUS

1ST CHORUS
