(White, Norum, Dokken)

Take me back, to a time I remeber well  
It's a fact, when your near  
You know we could stop the world  
If I'm wrong, then alright  
You know it doesn't matter now  
In my heart, you are mine  
You know we're gonna make it somehow  
You know we're gonna make it somehow

I can be anything, just for you I can make it right  
Fortunes told in love's hearts, it doesn't have  
To keep us apart  
I'm a soldier of fotune, fighting for a means to an end  
If there's love in you eyes, it's only  
Gonna take one night  
Yeahm, say it's not over and remember

1ST CHORUS:

When some night you are lonely  
You just call out my name  
I will make you mine only  
Make you mine only again

On the wings of a tear  
You know we could ride the storm  
Like desire, I was born  
To give you everything and more  
If you're a soldier of fortune  
Fighting for a means to an end  
If there's love in your eyes  
It's plainer than the world we share  
Yeah, say it's not over and remember

2ND CHORUS:

When some nights you are lonely  
You just call out my name  
And I'll be there beside you  
And I'll Make you mine only

When some night you are lonely

You just call out my name  
I will make you mine only  
Make you mine only again

Hold on to what you have  
And not what you think is yours  
Too many people stand there  
Blinded by the Light, They don't see.

SOLO

Take me back to a time I remeber well  
It's a fact, when you're near  
You know we could stop the world

2ND CHORUS

When some nights you are lonely  
You just call out my name  
And I'll be there beside you  
And I'll Make you mine only

When some night you are lonely  
You just call out my name  
I will make you mine only  
Make you mine only again
