JUST TO HURT ME
(Don Gibson)

Just to hurt me just to see me sit and cry
Just to know that you brought teardrops to my eyes
Just to hurt me that's all you ever do
And just because you know I love you oh so true
Guess you know that I settle down to be a fool
Just to hurt me that's all you ever do
My life has no meaning when you're not here
And though you don't need me I know that you're near
Oh makes no difference I just hang around and try
Though you say things that break my heart inside
Just to hurt me mhm that's all you ever do
Yes just to hurt me that's all you ever do
