YOU CAN'T LAUGH (AT A FOOL)  
WRITER DON GIBSON

Yes I really thought that you would be mine forever  
I didn't ever really think that you would leave me ever  
I thought that true love was to yes I trusted in you  
But I was wrong now I know it's too late  
Now we're through and you can't laugh you can't laugh  
at a fool  
Makes no difference to you you don't care what I do  
And they say that's the way I should be  
But I can't be that way I don't know any better  
I still love you it's true and I will forever  
I thought that true love was to yes I trusted in you  
But I was wrong now I know it's too late  
Now we're through and you can't laugh you can't laugh  
at a fool  
Makes no difference to you...  
Yes and you can't laugh you can't laugh at a fool
