Well everybody needs some loving sometimes, whoa-
yeah

Everybody needs a little loving sometimes

Don't think that you

Don't need someone

I know, I know

That everybody needs some loving sometimes, whoa-
yeah

One things for sure, just like the saying goes

That true good loving is so hard to find

But you'll find out before you pass away

That everybody needs some loving someday

Well I don't care what you may think

I know, I know

That everybody needs some loving sometimes, whoa-
yeah

Cause everybody needs some loving sometimes,
whoa-yeah

Everybody needs some loving sometimes

Well I don't care what you may think

I know each and every day

That everybody needs some loving sometimes, whoa-
yeah

One things for sure, just like the saying goes

That true good loving is so hard to find

But you'll find out before you pass away

That everybody needs some loving someday

Don't think that you

Don't need someone

I know, whoa-oh-oh-oh I know

That everybody needs some loving sometimes, whoa-
yeah

I need love

I need your loving every day

I need love

I need your loving every day
Girl every day
I need your loving everyday
Every hour
I need your loving every day
Said I need love
I need your loving every day
Girl every hour, come on home
I need your loving every day
To set my soul on fire
I need your loving every day
Whoa-whoa-whoa-whoa-whoa-yeah
I need your loving every day
Whoa-whoa-whoa-whoa-whoa-whoa right now
I need your loving every day
I said I need love need love oa right now
I need your loving every day
Cause everybody needs some loving sometimes
Whoa-whoa-whoa-whoa--whoa--whoa
I need your loving every day
Girl every day
I need your loving every day
Girl every hour
I need your loving every day
Set my soul on fire
I need your loving every day
Whoa-whoa-whoa-whoa-whoa-whoa-yeah
I need your loving every day
Whoa-whoa-whoa-whoa-whoa-whoa right now
I need your loving every day
Well...
I need your loving every day
Whoa-whoa-whoa
I need your loving every day
Come on everyday
I need your loving every day
Come on and give me your love
I need your loving every day
I said I need love
