This is your song
Yes I'm tellin' the world there's no living without you
Couldn't be wrong
'Cause I wake up every morning thinking about you
When I'm looking at you
I can feel
Something so real
Loving you madly
Needing you badly

This is your song
From the hills of my heart there's a melody playing
Couldn't be wrong
From the way that I feel I think I'll be staying
Free as the wind, so am I
Still and all we both try
To make it together
Make or break it together

Every day there's something that you say
That makes me wanna stay, makes me wanna stay
Together
Every day there's something that you say
That makes me wanna stay, makes me wanna stay
Together
Thinking forever

This is your song
There's a home for a poem
That's a long time coming
This is your song
Very soon you're a tune that the whole world's
humming
Free as the wind, so am I
Still and all we both try
To make it together
Make or break it together

Every day there's something that you say
That makes me wanna stay, makes me wanna stay
Together
Every day there's something that you say

That makes me wanna stay, makes me wanna stay
Together
Thinking forever

This is your song
Sha-la-la-la-la-la-la-la-la-la-la-la-la-la
This is your song
Sha-la-la-la-la-la-la-la-la-la-la-la-la-la
This is your song
Sha-la-la-la-la-la-la-la-la-la-la-la-la-la
