Well, it's up in the mornin', everybody off and runnin'  
Everybody got some place to be  
Some people never go walkin', some people just stop  
talkin'  
And I was slippin' away, you came and pulled me  
through, baby

I wanna stay in the land of the living with you  
I wanna stay in the land of the living  
I wanna stay here with you  
I wanna stay in the land of the living with you  
I wanna stay here with you

You know we work and we worry, this old world's in  
such a hurry  
So many things we just don't see  
Some people always cryin', some people just stop tryin'  
And I was slippin' away, you came and pulled me  
through

I wanna stay in the land of the living  
I wanna stay here with you  
I wanna stay in the land of the living  
I wanna stay here with you

We got to do what we can now, about all this pain and  
sorrow  
We got to live just a little, we could all be gone  
tomorrow  
When I look at you girl, my heart rejoices  
You taught me somethin', considering the choices

I wanna stay in the land of the living  
I wanna stay here with you  
I wanna stay in the land of the living  
I wanna stay here with you

I wanna stay in the land of the living  
I wanna stay here with you  
I wanna stay in the land of the living  
I wanna stay here with you

I wanna stay in the land of the living  
I wanna stay here with you  
I wanna stay in the land of the living  
I wanna stay here with you
