Darkness in the morning
Shadows on the land
Certain individuals
Aren't sticking with the plan

And I'm searching for a heart
Searching everyone
They say love conquers all
You can't start it like a car
You can't stop it with a gun

Leaving in the evening
Traveling at night
Staying inconspicuous
I'm staying out of sight

And I'm searching for a heart
Searching everyone
They say love conquers all
You can't start it like a car
You can't stop it with a gun

They tell you love requires a little standing in line
And I've been waiting for you lover for a long, long time
I've been pacing the floor, I've been watching the door
Meanwhile I'll keep searching for a heart

I've been searching high and low for you
Trying to track you down
Certain individuals
Have finally come around

And I'm searching for a heart
Searching everyone
They say love conquers all
You can't start it like a car
You can't stop it with a gun

They tell you love requires a little standing in line
And I've been waiting for you lover for a long, long time
I've been pacing the floor, I've been watching that door
Meanwhile I'll keep searching for a heart

Searching everyone
They say love conquers all
You can't start it like a car
You can't stop it with a gun

They say love conquers all
You can't start it like a car
You can't stop it with a gun
Searching for a heart
