[Lateef]

I gotta say that it's a pleasure now to be with you and greet you

Me and D would like to welcome you to our mixtape
We got some things for you the old and new Latyrx to Maroons

And everything that's in between that we can fit on the plate

We got obscurer tunes and twists, remixes
Singles that were spine-tingling but limited in release
For those that's late into the game and just came in and have a seat

We gonna fill in all the blanks up to Lateef and The Chief

New Maroons shit

Let me give a shot out to those with whom without
It wouldn't be possible to do this

Most collaborations on the tunes which led to this musical movement

Now let me run it down the line

We got Talib Kweli and Chali 2NA from crew J5

Soul stylings from Keke Wyatt

We got Bink, El-P of Company Flow

Tajai and Phesto from the crew Hiero, Souls of Mischief

Of course we got my folks Blackalicious in the house
Chief Xcel and Gift of Gab spittin'

My man Lyrics Born with the voice that sounds tinted
And DJ Shadow who makes the tracks hittin'

And my man Vursatyl, big shout to the Lifesavas movement

No doubt we get wild and higher

Got a little rare joint featuring Latyrx done by the Herbaliser

Got my man Herve's fire

Sure to get the party jumping like a live wire 'til ya'll retire so

The last shout's to my homegirl Joyo exercising our Quannum control

She's the picture perfect example

Of the soul reflected in the song coming up next and the song goes
