You should see my world
How it crumbled inside.
You should see my world
From the inside.
Walls can have ears
But what about you.
It's not over,
It's not over yet.
Oh, I'll hold you in my arms,
I'll hold you in my heart,
I'm holding out for love.
Oh, I'll hold you in my arms,
I'll hold you in my heart,
I'm holding out for love.
But the truth of if is
I was never so brave
As to speak my own mind
To misbehave.
Mouths can tell lies
And they often do.
It's not over,
It's not over yet.
I'll hold you in my arms,
I'll hold you in my heart,
I'm holding out for love.
I will hold you in my arms,
I'll hold you in my heart,
I'm holding out for love.
But what if it's true,
What if it's true,
But what if it's true,
What if it's true.
You should see my world
How it crumbled inside.
You should see my world
From the inside.
Say it's a good one,
I so rarely do.
It's not over,
It's not over yet.
I will hold you in my arms,
I'll hold you in my heart,

I'm holding out for love.
I will hold you in my arms,
I'll hold you in my heart,
I'm holding out for love, for love.
I will hold you in my arms,
I will hold you in my heart,
I'm holding out for love, for love.
But what if it's true.
It is true.
I will hold you,
I will hold you.
(Whatever it takes to get through)
Hold you, hold you.
Hold you, hold you.
I will hold you in my arms,
I'll hold you in my heart,
I'm holding out for love.
I'll hold you in my arms,
I'll hold you in my heart,
I'm holding out for love.
I will hold you
