I've been'told by those who should know,
the most exquisite African flesh in the state of
Tennessee is bred right here on your land.

And from the look of these black angels, my sources
weren't wrong.

Oh I got my share of, coal blacks, horse faces,
and gummy mouth bitches out in the field.
But the lion share of my lady niggers are real show
pony's.

Well that's what I'm looking for,
a show pony for young Django.
So the only question that remains is,
do you have a nigger here worth five thousand dollars?

Dr.Schultz, five thousand dollar nigger, is practically
my middle name.
