ONE MC, ONE DELAY LYRICS

Chorus

One MC and one delay
We rock the party with no dj
One MC and one delay
Who rock the party with no dj?

Verse 1

I ain't afraid of dying cause i'm a laser lion
And better days arrive upon a maze of blind men
Marching on an amazing high, they give me
Nine-eight hey's when i raise a five

Razor fine, cutting edge, on occasion i
Might light up in the backroom raising eyes
And their brows, how's that-a-make your crazy ties
Spin around your red necks when i plagiarize

Blaze a fire from your mouth, keep the place alive
Shatter batteries, effects, and a case of wine
Okay so fine, you're mr. big man on the bass line
If you play so fine, have a taste of mine

I'm like a trapped criminal, face the crime
My track's a little more evasive
I'm a complacent mind in the place of trying
You can find me in the right place and time

Verse 2

No i'm not content, i could have rocked a tent
Full of fans, hock the pen, pull up my pants
And go panting: oxygen
Not a damn thing green on my side, hop the fence

Cause i got the necessary documents
A good word from all the former occupants
Of the house, but not before i locked 'em in
With a mouse, ate the key, my compliments are free

But it will cost you confidence, to be an optimist
Can take an optic lens bigger than canada
Granted a lot depends on skill
Off the bend to an awkward end of will

Is where the recommended walk begins
'til reason might freeze, turn talk to sense
And if i never write a thesis? doctorates?
Pfffft! i'll write a rhyme and go talk to heads...
