A step in the right direction, a stitch in time saves nine
To me you are perfection, and the love you saved was
mine.

When I think of all the girls that I've ever kissed
And the ones that I'd wished I could know,
It's a real short list with just one name, you're one in a
row.

You're a class by yourself
You're the state of the art
You're alone on the shelf
You're the top of the chart
You're the singular case
You're the queen of the place
You're the star of the show
You're one in a row

There's one chance in a million, there's one sun up in
the sky.

I'm glad you were willin', and here's the reason why.
When I think of all the girls that I've ever kissed
And the ones that I'd wished I could know,
It's a real short list with just one name, you're one in a
row.

You're the unrivalled champ
You're the boss of the camp
You're the mavin of charm
You're a shot in the arm
You're alone in the bunch
You're a dark horse hunch
You're a heavy-weight blow
You're one in a row
