For the heart (that's) bruised and broken / Lord have
mercy / Lord have
mercy / For the prayer (that's) left unspoken / Lord
have mercy / Lord have
mercy

For the shame (that's) separating / Lord have mercy /
Lord have mercy / In
our fear and all our failing / Lord have mercy / Lord
have mercy

We lift a song in the light of our need / For You are able
always in all
things / And in this moment we fall at Your feet / Lord
have mercy / Lord
have mercy

For our hurt (that's) held so deeply / Lord have mercy /
Lord have mercy /
For the dream (that's) lost completely / Lord have
mercy / Lord have mercy

We lift a song in the light of our need / For You are able
always in all
things / And in this moment we fall at Your feet / Lord
have mercy / Lord
have mercy

Lord have mercy / Lord have mercy / Lord have mercy /
Lord have mercy

We lift a song in the light of our need / For You are able
always in all
things / And in this moment we fall at Your feet / Lord
have mercy / Lord
have mercy / Lord have mercy
