You know my needs / All that's unspoken / You hold the pieces / Of all that's been broken

Even when a melody won't come / Even when my words are not enough

You will be my song / You will be my praise / You will be my voice / When I'm lost for words to say / You will be my strength / You will lift me up / You will be my portion / And my everlasting love / You will be my song

Before I call / I know You'll hear me / When hope is gone / Still You are near me

Even when the answer is delayed / Even through the darkness I will say

You will be my song / You will be my praise / You will be my voice / When I'm lost for words to say / You will be my strength / You will lift me up / You will be my portion / And my everlasting love / You will be my song

Oh / Oh / Oh / Oh

Even when I feel like I'm alone / I know You'll never leave me on my own

You will be my song / You will be my praise / You will be my voice / When I'm lost for words to say / You will be my strength / You will lift me up / You will be my portion / And my everlasting love

You will be my song / You will be my praise / You will be my voice / When I'm lost for words to say / You will be my strength / You will lift me up / You will be my portion / And my everlasting love / You will be my song
