Everyday I wait for your love
Every night I wait for your mercy

I never expect they would need my Style

Everyday I wait for your love
Every night I wait for your mercy (bis)
Shalom

Never make me fall
Never make me run
Never leave me alone (bis)

This my revelation, my music communication
This is my foundation, the Rookie in revelation

Give me the vibes
This buaylan Rookie en este milenio more serius
Sorry for you I don't like it misterio
Listen I singing pregonando in your stereo

Dices que tu compromiso no es con ningun rapeador
Yo sã© que no te interesa si ellos sienten dolor
De ti y de tu emisora se va a encargar mi SeÃ±or
Porque yo confÃ©o en Dios

Yo sã© que mi derrota como suelen soÃ±ar
Pero ese es un anhelo que no van a alcanzar
Con la ayuda de Dios de frente y hasta el final
Asi que you holdon! que tu no vas a aguantar

Everyday I wait for your love
Every night I wait for your mercy (bis)
