(Duet with Don Philip)

(Britney talks)

Time may take us apart, but I will still love you. I  
promise

(Both)

And when the stars, stars are falling  
I'll keep calling

(Britney)

I promise that you'll be my one my only everything  
I'll never be untrue

(Don)

And I promise back that for your love I will do anything

(Britney)

I will give you the stars

(Don)

I will buy you the moon

(Britney)

And even through the longest of our nights

(Don)

Even through the darkest days our

(Both)

Love will find away

CHORUS:

And when the stars are falling, I'll keep calling

I will still love you

And when your dreams are fading, I'll be waiting

I will still love you

(Britney)

You are my summer breeze my winter somber,  
springtime oh  
my autum touch of all

(Don)

You are my sky, my rain a way which my love flows cuz  
you're all

(Both)

The smile of my heart and the breathe of my soul

(Britney)

But ever if we find ourselves apart

(Don)

We will hold out hopes and dreams

(Both)

Forever in our hearts

CHORUS

(Don)

Tell me how you feel

(Britney)

I finally know how to feel. Tell me if it's real

(Don)

And my heart is telling it's real

(Britney)

So real, so real

CHORUS

(Both)

Time will take us apart that's true  
But I will always be there for you  
Your in my heart and you'll be in my dreams  
No matter how many miles between  
I promise you that I won't forget  
The day we kissed of the day we met  
The sky may fall and the stars may too  
But I will still, I will still love you

CHORUS
