She's all that, She's all that,  
She's all that, She's all that,

I was walk along an open road  
No cars, no traffic, no none at all  
And then I sore her, she was there  
And I know right and then  
That it was love  
And we'd be together forever [ow yeah]  
So let describe her to you

She's got the body  
She's got the eye  
She's got the hair  
She's got the smile, that will drive you wild  
Yeah, yeah, yeah  
She's all that

Ow right now I'm thinking about her  
And she's making me wanna do something  
I've never done before  
And I don't know that it is yet  
But I will let you know, ow yeah

She's got the body  
She's got the eye  
She's got the hair  
She's got the smile, that will drive you wild  
Yeah, yeah, yeah  
She's all that

Each day that I spend with her  
Gets better every day  
And wanna make it so, that she feels that same way  
And that's what I wanna do  
Yeah that all I wanna do

She's got the body  
She's got the eye  
She's got the hair  
She's got the smile, that will drive you wild  
Yeah, yeah, yeah

She's all that

Drink and a sunny day  
Seem like things it don't better than this  
But then she came  
And I know, that it get better than this  
Cause she's all that, and it get better than this

She's got the body  
She's got the eye  
She's got the hair  
She's got the smile, that will drive you wild  
Yeah, yeah, yeah  
She's all that  
She's got the body  
She's got the eye  
She's got the hair  
She's got the smile, that will drive you wild  
Yeah, yeah, yeah  
She's all that
