Don't you think it's time for us to work it out  
Don't you think you know what it's all about  
Don't you think it's sad living all alone  
So don't you think it's time for us to get along

We know the songs of all the wrongs  
Love that died, nobody tried  
But here and now I know what's true  
I can't live without you

So don't you think it's time for us to work it out  
Don't you think you know what it's all about  
Don't you think it's sad living all alone  
So don't you think it's time for us to get along
