Louise, when I first saw you  
All the dreams that I had lost came true  
Louise, we fell in love, so hard  
And it was all too easy doing what we used to do

Kissing the layers of old betrayals goodbye  
Telling each other, yeah, this is real  
A love indestructible, never to die  
We believed a man and a girl  
Could out stand the rest of the world  
Louise, it's such a beautiful lie

There ain't nothing, Louise  
Ever stays the same  
That's just the way it is  
There ain't no one to blame

Louise, I know the dream's run down  
And it may be all too easy  
To go and find another game but someday, baby  
You'll have to turn around and try

Ah Louise, maybe still we've got  
More in common than a wandering eye  
I once believed and still do  
That all I'd ever need was you

Louise, it's such a beautiful lie  
There's nothing else going  
Nothing else around that flies  
Louise, it's such a beautiful lie
