When I was a young girl my daddy told me
A lesson he learned it was a long time ago
If you want to have someone to hold onto
You're gonna have to learn to let go

You got to sing like you don't need the money
Love like you'll never get hurt
You gotta dance like nobodys watching
It's got to come from the heart if you want it to work

Now here is the one thing I keep forgetting
When everything is falling apart
In life there's enough no I need to remember
There's such a thing as trying too hard

You got to sing like you don't need the money
Love like you'll never get hurt
You gotta dance, dance, dance like nobodys watching
It's got to come from the heart if you want it to work

You have to sing sometimes like you don't need the
money
Love sometimes like you'll never get hurt
You gotta dance, dance, dance like nobodys watching
It's got to come from the heart if you want it to work

Come from the heart
Come from the heart
