"Especially You"

I see the rainbow in your eyes
I see all the colors pass me by
I sure like the things my eyes can do
Especially when they see you

I hear the music of this day
I sure like the songs this world can play
But most of all I like your tune
When you whisper I love you

My senses don't like, I get a definite high
When you're near I feel clear off the ground
Reach for my arms, and I will give you the stars
There is nothing that is holding us down

I touch the textures of this earth
I felt for the good and I felt for the worse
But I never knew what touch could do
Until I was touched by you

My senses don't like, I get a definite high
When you're near I feel clear off the ground
Reach for my arms, and I will give you the stars
There is nothing that is holding us down

I see the rainbow in your eyes
I see all the colors pass me by
I sure like the things my eyes can do
Especially when they see you
