Love be gentle, love be kind  
As I give this heart of mine  
To a new love I hope will never end  
It seems like only yesterday  
Love was here and went away  
Out of love again but now I'm falling in

CHORUS:

Fallin' in love again  
I'd fallen out but there's no doubt  
I'm fallin' in love again

I know that love won't always last  
When you fall in love to fast  
I should know better  
But here I go again

Love be strong, love be true  
For what else can I do  
Love is calling and I know I'm fallin' in
