I should take my time i know
take it easy, take it slow
Every heartache needs to mend, before you fall again
so i hold on for a while and keep this old heart free
then i look across the room, and someone smile at me

Oh and heaven help me here i go again
Before i've even had the time,
for this old heart to mend
Oh i just get over one heartache and then
Here i go like a fool, falling again

People tell me take your time

Wait a while and clear your mind
Give yourself some time to heal
If you fall make sure its real
But it seems that every time, i'm almost on my feet
Somethin' makes me say hello, to some one on the
street

Oh and heaven helps me here i go again
Before i've even had the time
For this old heart to mend
Oh i just get over one heartache and then
Here i go, like a fool, falling again
