I don't need a fortune teller
I don't need me no M.D.
I don't need some slick suit that's passed the bar

I don't need a politician
Or some preacher on tv
Folks to tell me how I've done so far

(Chorus)
I just need you
I need you to want me
I want you to love me
The way I love you:
Oh, for a friend
A friend you can count on
Be there for me and I'm yours till the end

Sagan's singing big band
Nader's working on control
Einstein's Mr. Relativity

I don't need no revelation
Mystics cloud up things for me
And I don't need another mystery

(Repeat Chorus)

I just need you
I need you to want me
Be there for me and I'm yours till the end
