It may not make me tremble,
The soft touch of her hand
But she wont break my heart
The way you do
So Im gonna try to give her
The best love that I can
If she just helps me get over you.
If she just picks me up when I get down
If she's there when the memories
Walk around
Maybe someday
Ill love her
As much as I love you
If she just helps me get over you.
--- Instrumental ---
I don't suppose that lovin
Will ever be the same
But she wants me
The way I wanted you
So Im gonna try to give her
The best love that I can
If she just helps me get over you.
If she just picks me up when I get down
If she's there when the memories
Walk around
Maybe someday
Ill love her
As much as I love you
If she just helps me get over you...
--- Instrumental to fade ---
