I've got Sunday school to thank for Jesus  
Got educated thanks to Mom and Dad  
I can borrow money thanks to banker Johnson  
Thanks to me, I've spent all that I've had

I quit smokin', thanks to coach Kwolski  
Thanks to lefty Thompson, I can fight  
It took a while learnin' all life's lessons  
But I learned about love in just one night

Honey, I've got you to thank for that  
It's good from time to time to look back  
But, it always reminds me that I love it where I'm at  
And honey, I've got you to thank for that

Thanks to little Richard, I felt crazy  
James Dean made me think I too was bad  
But then my life took on a new direction  
And honey, I've got you to thank for that

Honey, I've got you to thank for that  
It's good from time to time to look back  
But, it always reminds me that I love it where I'm at  
And honey, I've got you to thank for that  
Honey, I've got you to thank for that
