How do you like it  
Being lonely  
From what I see  
You're someone who knows  
Well, maybe you and I  
Could get together  
Then we won't be lonely anymore.

Look around you  
See where you've been  
You may never have to  
Pass that way again  
Look around you  
If you need a friend  
I might be the one  
Who'll make your loneliness end.

Would you like to have someone to hold you  
Someone to tell your troubles to  
Someone to catch you if you've fallen  
Someone who really cares for you.

Look around you  
See where you've been  
You may never have to  
Pass that way again  
Look around you  
If you need a friend  
I might be the one  
Who'll make your loneliness end...

(Instrumental to fade)
