Let's not fight it anymore unpack the bags and close  
the door  
I'll never leave you  
Though you lied right from the start I can't convince my  
stupid heart  
Not to believe you  
You've got two good men strung out and there's not  
the slightest doubt  
That other men have loved you before  
Oh but you work your thing so well I'll dream of heaven  
and live in hell  
Till I can't take it anymore

If I had one ounce of pride I'd stand up or step aside  
But girl I love you  
So I'll accept the crumbs you drop cause I'm a fool and  
I can't stop  
Or rise above you  
Let other speak up for themselves I speak for me and  
no one else  
Cause I'm a beggar knocking on your door  
Oh you work your things so well I'll dream of heaven  
and live in hell  
Till I can't take it anymore

I'm too far gone to turn around to lift myself up off the  
ground  
And start all over  
Now him or I must win or lose no matter which one you  
may choose  
You'll be in clover  
Darling while you're making up your mind I'll be praying  
all the time  
That you will never never be letting me go  
Oh you work your thing so well I'll dream of heaven and  
live in hell  
Till I can't take it anymore  
Oh you work your thing so well I'll dream of heaven and  
live in hell  
Till I can't take it anymore
